

Watonga Cheese Factory is proud to be based in Perryton, Texas. Here, we produce fine cheddar cheese using our famous recipe that dates back to when the factory was founded in 1940.

Using milk from our family's dairy, we make cheddar cheese weekly. We use Grade-A whole raw milk and only the freshest ingredients. At Watonga Cheese Factory, we make the following products by hand:

Our Famous Longhorn Cheddar

All natural with no preservatives, this is premium cheddar.

Cheddar Cheese Curds

The freshest part of cheddar, these are a fan favorite. They still contain a small amount of moisture, which creates their signature squeak. Curds are available in yellow or white cheddar, bacon, jalapeño, and onion flavors.

Mild Cheddar

A Watonga Cheese Factory tradition, this rich mild cheddar established the quality that defines us. We still follow the original 70-year-old recipe.

Cheddar Pepper

When you're in the mood for a little extra kick, satisfy it with our Watonga Cheddar Pepper. Made with only the freshest jalapeños, this cheese gives any meal an extra boost.

Mild Cheddar

Bacon Cheddar

Packed with the flavor combo everyone loves, this is great sliced and melted on a burger or cubed and tossed in a salad.

Onion Cheddar

This may soon become your new favorite snack. With just the ideal amount of fresh green onions, this cheese is perfect for baked potatoes, Mexican dishes, and burgers.

Habanero Cheddar

The latest flavor in our family of cheddars, Habanero Cheddar is our spiciest variety. Not too hot, it provides that perfect kick.

In addition to the cheddar produced at our factory, we also carry a wide selection of other cheeses for customers to enjoy. These include but are not limited to
